

PG CHEM
PAINTS & COATINGS PVT LTD

"Excellence in Every Stroke"

PGChem Paints & Coatings understands the Importance of substrate finishing. We offer a wide range of innovative coating solution to add value to our customers' products. With high performance and consistent quality products **PG** could be a right partner for your all coatings needs.

INTRODUCTION OF COMPANY

- 
-  **PG** is a family owned business that is involved in the manufacturing of different types of paints which includes full range of Automotive Refinish Paints, Industrial Coatings, Wood Coatings, General Industrial & Protective Coatings.
 -  Our spirit of innovation has led to the manufacturing of multi types of paints & primers. We aim to produce quality products which will brings a joy to your Life.
 -  The visionary behind PG Chem Paints & Coatings, Mr. Pratik Gupta & Mrs. Nirali Gupta, Dynamic new generation technocrats - entrepreneur, who are able to synergize technical expertise from their background & commercial aspects form experience to take PG Chem Paints & Coatings to achieve its goals.

MISSION

To Make & Sell the highest quality of paints with continued commitment to the market needs & stds. while promoting business practice that respect our employees, our customers, our suppliers & the environment.

VISION

To be competitive leader in paint industry locally & globally by constantly developing & upgrading our products while remaining true to our core values.

AMBITION

To become a brand that every one knows.

CORE VALUES

Customer Focus

We concentrate our efforts on the individual requirement of our customers & helped them strengthen their performance.

Team Orientation

We rely on the strength of team work to achieve synergies & realize our full potential.

Innovation

Utilize our extensive know how & experience through out the company to continuously bring new service, application & products to the market.

Integrity Sustainability

We are a trust worthy, loyal & respectfull partner in all our internal and external relationships.

Sustainable Development

We contribute towards sustainable development by finding the best balance between environment, social & economic needs.

SEGMENT PRESENCE

Industrial & Protective Coatings

When it comes to the protection of concrete and steel on both new and existing structures in demanding environments, PG has an extremely wide range of product solutions available, coupled with an enviable proven track history. Whatever the application and location, these systemised solutions are backed up by a wealth of in-house experience in providing the long-term technical support PG are renowned for.

 Whatever the environment and demand, PG has it covered, whether it be a bund area in a chemical store, structural elements above and below ground, through to drinking water approved coating systems for lining a reservoir structure. These applications summarise where PG protective coating systems have been frequently used and include:

- ✦ Oil & Gas Upstream & Downstream
- ✦ Chemical & Petrochemical Plants
- ✦ Infrastructure Projects
- ✦ Tanks & Pipeline - Oil Gas, Water/Sea Water and waste water
- ✦ Mining & Metal processing equipment
- ✦ Automotive Metal Components - Frames, Leaf/Parabolic Springs, Wheels, Radiators, Mufflers etc.
- ✦ Bicycles, Compressors and a variety of sheet metal / steel components & equipment
- ✦ Electric Motors, Pumps and Control Panels
- ✦ Engines - Quick Drying and Heat resistant paints for different parts of engines
- ✦ Industrial Flooring
- ✦ Transformers & Radiators
- ✦ Pre-Engineered Buildings - PEB
- ✦ Power Generation Plants & Equipment
- ✦ Windmill Towers
- ✦ Containers-shipping
- ✦ Plastic Components for Automotive & industrial Machinery
- ✦ Metal Packaging - Barrels and Drums - External and internal coatings
- ✦ Heavy duty equipment HDE and construction equipment
- ✦ Agriculture implements and Textile machineries

OUR PROTECTIVE & INDUSTRIAL COATING SOLUTIONS ARE BASED ON:

- Modified Alkyd
- Alkyd-Amino
- Acrylic-Amino
- Thermoplastic Acrylic
- Epoxy
- Polyurethane Technologies

FEATURED PRODUCTS AND TECHNOLOGIES

Alkyd- Amino Stoving Paint System

PG Stoving Enamel - High Performance
Topcoat and Clear Coat Extra Hard

2K PU Paint System - Metal & Plastic Components - High Performance Glossy System

- PG PU/ Epoxy Primer+ PG PU Topcoat - Metal & Plastic.
- PG PU Paint Over PG Plastic Primer-Plastic Components
- PG Clear on PU Metallic Base Coat - Plastics and Metal Components.
- PG-DTM

Epoxy Paint : A Heavy Duty Protection

A High Solid, High Build, High Performance, Chemical Resistant, Anticorrosive range of epoxy coatings meant for variety of applications and uses.

- Epoxy High Build High Volume Solid Primers
- Epoxy Zinc Rich Primer & MariZinc Zinc Silicate Primer
- Epoxy Mastic - Surface Tolerant Epoxy coatings
- Epoxy Mid Coatings/ MIO/ Zinc Phosphate Primer
- Epoxy Tank Lining and Pipe Coatings
- Epoxy Phenolic - Tank Lining
- Epoxy Universal Primer Under Water/Atmospheric
- Epoxy Solvent free Coatings - Water & Crude Oil pipelines
- Epoxy Food Grade Coatings

PG Synthetic Paints

- Enamels - Glossy
- Primers - Normal/Anticorrosive

PG HR Paint :

200° C - 600° C Silicone and Polysiloxane Heat Resistant Coatings.

PG Oil & Heat Resistant Paint:

Transformer internal Coating.

PG Paints remains committed to help you protect your products with unique coating solutions, which provide:

Excellent Weather Resistance

Excellent Resistance To Corrosion

Excellent Mechanical Properties

Resistance To Chemicals

Long Service Life And Endurance

Cost Effective Solutions

2K PU Paints - Top Coats, Clear Coats & Primers

- PG - PU Topcoats for General Industrial Application - Metal Components and Drums.
- PG - PU Primer & Clear Coat- General Industrial Application - Metal Components and Drums

TPA Paints and Primers- Acrythane TPA Paint Fast Airdry

- 1K Clear Coat
- 1K Primer Surfacer
- 1K Topcoat

Quick Drying System:

- PG Solid Quick Drying Primer & Topcoats including DTM Paint System
- PG Quick Drying Primer & High Gloss Topcoat
- PG FD AUTO Solid Colour and Metallic Paints
- PG Industrial Enamel Black - For Automotive Radiators

AUTOMOTIVE REFINISH

PG Paint is the trustest growing company for automotive paints in India.

 PG Auto Paints provided High Quality Finishes with Excellent Gloss, Good Hardness. Excellent Chemical, UV & Weather Resistance. The paint gives new look even after years of vehicles usage.

NC PAINT

Our NC Paints available in various colour, that is durable, and fast drying. It provides high gloss finish at competitive pricing.

2K PU

A Twinpack Top Coat System, Hardeners, Clears, Primers and Ancillaries, that are easy to apply & provide excellent coverage & colour accuracy.

- A Comprehensive Range Of Colours
- High Gloss Finish
- Excellent Coverage
- UV-Resistant and Non-Yellowing

1K Basecoat

Formulated Using Top Quality, Colour Fast Pigments to guarantee ease of use and superb value. The PG Basecoat has excellent coverage and flow properties.

Ancillaries for Vehical Refinish Paint System

- PG 1K Primer White & Grey
- PG Wash /Etch Primer
- PG Oil Primer Brown & Black
- PG QD Primer-Brown, Red Oxide, Grey and White
- PG NCPS White, Grey and Black
- PG Adhesion Promoter
- Hardner for PU Paints
- PG NC Putty
- PG PU Primer - 2K
- PG PU Primer - 2K
- PG Plastic Primer

Chemicals

- PG Paint Remover
- PG Rust Remover/Converter
- PU Accelerator
- Anti Cratering Additive

WOOD COATING

WOODOC

Becoming Popular in Wood Coating Industry

Why Woodoc Works

Deep penetration into the wood

Woodoc penetrates deep into the wood and bonds with it, giving it a flexible yet tough and resistant surface finish.

Allows the wood to breathe

The Woodoc surface allows the wood to breath naturally. It works in harmony with the wood, much like bark does, to help combat ageing and deterioration.

Stays in harmony with the wood

This flexible Woodoc Coating doesn't become brittle with age but stays in harmony with the wood.

Woodoc - A Range of Coatings That are Truly Food For Wood.

Pg's focus on Product Development has allow us to create innovative Coatings for each line of Wood Finishing, including Flooring, Furniture & More.

OUR RANGE OF PRODUCTS INCLUDES

- Woodoc 2K PU Topcoat.
- Woodoc 2K PU Sealer.
- Woodoc NC Top Coats.
- Woodoc NC Sanding Sealer.
- Woodoc 2K Melamine Glossy/Matt Top Coats.
- Woodoc 2K Melamine Sanding Sealer.
- Woodoc Stains.
- Woodoc Wood Primer

- 
-  We always want to create something new with research and with long hard hours of effort.
 -  There is no such thing as a boring project. There are only boring executions.
 -  Failure is an option here. If things are not failing, you are not innovating enough.
 -  Do not compromise on the quality and your customer will not negotiate on the price.
 -  Manufacturing is more than just putting raws together. It's coming up with ideas, testing principles and perfecting the engineering as well as final assembly.
 -  Winners make a habit of manufacturing their own positive expectations in advance of the event.
 -  No Country is ever successful in the long term... without a really strong and vibrant manufacturing base.
